General Report Comments: On my arrival, I observed a white female husky cross named Layla on a static chain of 3 meters long to the collar and chained under a tree, according to Mrs Elizabeth the dog is chained under a tree sometimes if the weather is hot, the dog appeared physically looking underweight in body condition. Shelter was available at the back of the house in a camp because the premises is not adequately fenced. Living environment was cleaned. Water was available. I educated the owner about sterilization and issued her with a notice to comply, refer attached.
