General Report Comments: There was no people on the farm. I saw 3x Friesian x horses in a camp, 1x bay mare adult, 1x bay stallion and 1x black stallion. The horses is in a big camp. I approached the camp but could not enter the camp because there is a gate that is locked with a padlock. The horses body condition is acceptable. The water troughs are empty and there is no shelter for the horses. The living area is also clean. I issued warning W6845. Will follow up.
