General Report Comments: There was no people at home and I observed seven cats on the property. I asked the neighbour who introduced herself as Ms Maritha Wagenaar and she gave me Carmelita's contact details. I phoned Carmelita and she informed me that the cat with an eye infection is on treatment and she will send me the picture of the medicine and the food. There was food and water on the courtyard. I will discuss with Carmelita so that we can meet and arrange for the cats to be sterilized. I contacted the estate agent Este and she informed me that Carmelita's contract states that she may only have one cat meaning she is in breach of the contract.
