General Report Comments: On my arrival, I was welcomed by Mrs Dann Gysenberg the owner of the dogs, I observed two female brown and white pitbulls on a static chain of 6 meters long light chain to the collar, and one Africanis male black&brown on a static chain of 6 meters long light chain(the collar was there but the dog keeps taking it off according to the owner(I did see the collar)).
Water was available, shelter was available for all the dogs separately, living environment was cleaned, the dog they all appeared physically looking good in condition with no external parasites.
No oil was found on the external body of all the dogs. I educated the owner about sterilization of male dog.
