General Report Comments: On my arrival, I was welcomed by Mrs Louisa Thomas the owner of the dogs, she lives within a farm, I observed a female 10 years black/brown/white dog named Blacky, she was on a static chain chain, she looked underweight and sick together with her 4 puppies, the puppies were roaming freely, shelter was available, water was available, living environment was cleaned, the owner decided to surrender all the dogs because she is no longer working and she can't afford to look after the dogs she said.
I educated the owner about running chain in advance in future.
