General Report Comments: On my arrival, i did not see or find anyone available in the camp, I observed over the fence from the street, 2 horses that looked good in body scoring condition, the horses were kept in a camp of about approximately 370m x 400m in size, there was a horse box in the same camp, water was available sufficient, no shelter was available, living environment was cleaned, there was lying feeding round tyre's on the ground. I tried to ask around the neighbors about who might be the owner of the horses, unfortunately the neighbors made it clear to me that they don't know anything and they don't want get involved. It was raining and I couldn't leave a notice to comply on the camp gate as it might get wet and or the horses might tear up.

Fortunately, on the same day the owner of the horses contacted the spca after hours from 0762159793 around 17H17, she said, she heard the rumors that the spca was at the camp of the horses regarding the horses, I then said yes it is true, she made a appointment with me to come see her on Monday between 12H00 and 14H00 as she will make a plan to leave at here work, she lives in corner Vrede street and Church street Moorreesburg according to her .
