General Report Comments: I observed two dogs on the property and there was no people at home. I observed water and shelter. As I was leaving a member of the community stopped me to inform of a dog with an injured eye. The community member helped me load the dog into the SPCA bakkie as a stray as the dog was in the street. I brought the dog to the SPCA and made an appointment to have the dog assessed. Dr Anel recommended that the dog be put to sleep. The admission number is E2879
