General Report Comments: Morika who is daughter to Monique was at home and allowed me to do the inspection. I observed a juvenile female dog on a short static chain that is tangled because of lack of swivels. Water and shelter was observed. The dog's body condition is fair and acceptable. The living environment is clean. The dog does not have a collar. I issued a warning advising the owner to
(1) remove the dog from the short chain
(2) provide swivels on both ends of the chain
(3) provide a collar for Staphie
