General Report Comments: After I got a call from the complainant Mrs Ursula informing me about an abandoned dog I went out and I met Mr Fritz De Jager who is looking after the one dog named Nona and the two cats named Milo and Bonties. All three animals body condition is fair and acceptable. Mr De Jager informed me that he comes to the property in the morning and later in the afternoon. The dog and the cats sleep inside the house as there is a square space which was made specifically for the animals to be able to go in and out of the house. All the three animals are sterilized. There is two feeding points for both the dog and for the cats, one is out side the house and one is inside the house. According to the APA there is no contravention of the APA.
