General Report Comments: I observed the dog named Bailey struggling to walk in the street. I followed him up until he went into property number 63 Harder in White City. I spoke with Cameron who is the owner of the dog. He then left me standing outside and went inside the house and never returned. Samantha who is Cameron's girlfriend then came and informed me that Cameron doesn't want to come out. I explained to Samantha about the injured dog named Bailey that he needs vet treatment within 24hours. According to Samantha,Bailey was involved in a fight over a female dog that was on heat. The other two dogs body condition is fair and acceptable. Water and shelter was available for the dogs. I issued a 24hour warning advising Mr Cameron to seek vet treatment for the injured dog named Bailey.
