General Report Comments: On my in Moorreesburg doing door to door welfare inspection, Mr Tashwill Appolles came to me and said that his dog is not doing well, he wants to give it away of which he wants to surrender it to the spca therefore he was requesting that I must take the dog, I went with him to his house and I observed a male brown pitbull that physically appeared underweight and weak, he said it does not eat and it can't stand up anymore, I then killed him admission form as a surrender and I took the dog and brought it to the spca Darling. I educated Mr Tashwill that in future should he have another animal/s that becomes sick or looks similar or the same he must render adequate veterinary treatment or contact the spca.
