General Report Comments: On my arrival doing door to door welfare inspection in Abbotsdale, I saw a dog with a mange on the street close to its home, the owner Mr Piet came outside and before I could even say a word to him, he just started saying I must take the dog because it does not look good, the dog went inside the premises and water was available, shelter was available, living environment was cleaned, I then took the dog as a surrender and educated Mr Piet that in future should he come across having sick animal he must render veterinary treatment and or Alternatively contact the spca.
