General Report Comments: On my arrival, I was welcomed by Mr Shaun the owner of the dog, he then immediately took me inside the house in his room where the dog was. I then observed a brown and white male young pitbul named Bruno inside the house, Bruno according to the owner is 8 months, Bruno appeared physically looking good in body condition and though unfortunately on the other side Bruno appeared physically not looking good in that his lower jaw was badly broken. According to the owner Bruno was attacked by another dog on the street on the 26 April 2026 during the day, Mr Shaun said he did not know what to do, I then educated him by either he takes the dog to the vet or he surrender the dog to the spca, he then said the dog looks suffering and he does nothave money it's better I take the dog asa surrender, I then took the dog and told Mr Shaun that the dog will be humanely euthanized not to prolong its suffering as he can also see that it is badly injured .

I then took the dog and brought it to the spca vredenburg.
