General Report Comments: Mr. Van Zyl daughter granted me access to the property because her father was still in bed . We went to the back where I saw Legend the German Shepherd male,the Scottish terrier and the sheep. The garage door and caravan camper door was open. Legends ear infection is much and they are still using the treatment from the vet. At that moment Mr. Van Zyl came out,and was very upset. I asked him if I can take a video of Legend because according the complainant Legend can't walk properly. Attached is a video of how Legend walks and a picture of the garage door that's always open. NFA until further notice.
