General Report Comments: I was accompanied by Mr. Achilles from law enforcement to enforce the bylaw aspect of the case. Upon arrival the owner Mr. Swanepoel granted us access to the property. We went through the garage to the back yard where I observed 2x adult Jack Russel x dogs and 5x juvenile Jack Russel x dogs. Inside the house there is 8 puppies that is about 8weeks old. Mr. Swanepoel told me that the puppies all got homes and is going to Cape town over the weekend. The dogs body conditions is acceptable and no underweight or sick dog was observed. The female Tina who's puppies it is is also in acceptable condition for a dog that had puppies. Mr. Swanepoel showed me the bag of dog food he gives them. Living area is clean. The dogs sleeps inside the house. The 5x juveniles are all from a previous litter. I asked Mr. Swanepoel if he would be interested in sterilisation for the female dogs and he said yes because they don't want anymore puppies. I will do a follow inspection for the owner to sign the Steri consent forms.
