General Report Comments: As I stopped in front of the property a black female dog came charging at the bakkie,at that moment a young man who introduced himself as Gereldo Abrahams came out. Gereldo told me that the dog who is called Kumru is very aggressive and likes to attack people in the street. Gereldo also told me that the dog belongs to his cousin Nadine who was no at home. The female was loose on the property,but I did observe the chain that they tie her with and I explained to Gereldo that the chain is to short and if they have to chain her that they must put her on a running chain. There is nothing wrong with the dogs shelter,kennel is acceptable with a blanket inside. I educated about sterilisation and will do a recheck because Gereldo said that he will talk to his cousin about the sterilisation. I issued warning W6850. Will follow up.
