General Report Comments: On my arrival to house no 149 8th street Darling, I observed a male German shepherd cross that appeared physically it's penis looked swollen with blood clots coming out.

The people refused me to gain a entry because they have TB they said. They also said the dog does not belong to them it comes to their female dog because it is on heat.

They therefore directed me to the dog home house no. 14 Clarendon Street Darling, there I found Mr Jacobs Jason the owner of the dog, shelter was available and the living environment was cleaned.

The owner said the dog jumps the fence.

I then issued the owner with a notice to comply to render veterinary treatment for the dog, refer attached notice to comply no. I005614
