| CONFINEMENT OF ANIMALS          | Static Chain - adequate length | According to the owner, he said does not want the dog to go on |

General Report Comments: On the arrival, met Mr Makoro Masedwe the owner of the dog according to him,  
We observed a black dog on a static light Chain of 5 meters long not to the collar.  
The dog was still in the same condition, appeared physically looking not good in condition ( skin  
problem - possibly mange).  
The owner sad he did bought the treatment products but was already finished, he then said he will  
go buy the products from the vet and will keep the packages as poof.

Water was available, shelter was available, and living environment was cleaned.  
Inspector October issued the owner with a warning, see attached warning no. W6353
