General Report Comments: On my arrival, I met Mr Jaywin, he bought a wound spray for the house wound, we went to the horse at the side of Darling landfill side close to sewage facility, there I observed the same horse observed at my first investigation, unfortunately the horse appeared physically not looking (it's right back leg appeared injured - possibly broken),

Mr Jaywin also did witness that the horse it's right back leg appeared injured, I then contacted my colleague inspector Jameson and he spoke to Mr Jaywin and conclusion was reached with Mr Jaywin that the horse is gonna humanely be euthanized and he agreed, he then signed the admission form agreeing and giving the spca consent to humanely euthanise the horse.

Before I could euthanize the horse, I contacted the municipality waste removal on 0224879400(Mrs Anne Braaff) answere(11H44) she said she will notify the darling landfill side team to come collect the carcass.

I then humanely euthanized the horse, refer admission no. E3976
