General Report Comments: While doing door to door,I came across a brown pitbull female lying on a blanket next to a cat. I stopped and the owner who introduced himself as Mr. Sass came out. I asked Mr. Sass if the brown pitbull female is receiving any treatment for the mange she has and he told me that he has tried dip,but it does not help. I told Mr. Sass what he can use and issued him with warning W6363. Mr Sass told me that he is only getting paid on Friday and will definitely buy the Simparica tablet to treat the mange. I will do a recheck on Monday.
