General Report Comments: On my arrival in house no. E2600 Bloem Street Riebeeck Kasteel, I was welcomed by Mrs Michaela Kruger, the owner of the dog named Gracie(female Labrador dark chocolate in colour). Gracie appeared physically looking good in condition with no veterinary problems or health concerns. Fresh, clean water was available in brown bowl and pink large bowl. Food was available (adequate dog pallets). Living environment was cleaned. According to the owner, "Gracie is left outside in the property (yard) during the day with a brown dog kennel outside in the yard when she goes to work and when she comes back home Gracie sleeps with her inside the house". I educated the owner about sterilization and she said Gracies vet advised her to sterilize Gracie after after she sees her first menstruation circle, and Mrs Michaela said she prefers to get Gracie sterilized by her vet not the SPCA.
