General Report Comments: I was granted access to the property by Mr. Arendse who is the owner of the dog. Mr. Arendse took me to the back of the property where I observed 1x brown and black mix breed dog on a +- 3meter long static chain with a collar. Water is available but the water bowl is dirty, I immediately ask Mr. Arendse to clean the water bowl. Shelter is also available. The dog called Cody body condition is acceptable 3/5. Living area is clean. The reason Cody is on a chain is because the property is not fully enclosed and Cody is also aggressive. I issued warning W6388 to put Cody on a running chain so that he can have more space to around and to also clean Cody's water bowl as it was green inside. Will follow up.
