General Report Comments: I was met by the owner Mr. Wyk at his house,he granted me access to his property to meet Skalas the border collie female that had the incident with the fishing hook. Skalas is perfectly fine and was released from the vet the same day. Mr. Van Wyk told me that there were a piece of fish bait on the hook and Skalas got hold of it and the hook got stuck in her mouth,they immediately went to the vet. I advised Mr. Van Wyk that he should put his fishing gear where Skalas can't get to it. Skalas is in acceptable condition. Water,food and shelter is available. NFA until further notice.
