General Report Comments: Mandy the complainant granted me access to the property. The owner Jason was not present because he is working. I saw the dog in question, Mona Lisa where she was roaming freely on the farm as well as the brown terrier x juvenile male that also belongs to Jason. Both dogs are in acceptable conditions. Mandy took me to where Jason stays and in the yard I observed water and shelter. Mandy told me that since she has spoken to Jason he hasn't chained her again. I asked Mandy about the allegation that Jason is hitting Mona Lisa and she said that she does not have proof but saw Jason walking with a stick in his hand and was assuming that he hits Mona Lisa, in fact Mandy also told me that the lady who works at the shop told her that Jason is a very good owner and she has never seen him hit his dogs. The reason why Jason tied Mona Lisa is because one of the tenants on the farm claims that Mona Lisa wanted to attack him, there is no proof regarding this incident. Mona Lisa did not show any sign of aggression while I was there. I asked Mandy to ask Jason to give me a call so that I can speak to him about sterilization for Mona Lisa and Tiger. Will follow up.

ACTIONS

OTHER Will follow up with sterilization.
