CHECKLISTS

General Report Comments: On my arrival, I met Geouna a younger sister of the owner of the cats, I asked her if the owner did took the cat to the spca and if yes is there any medication or and vet report left with her, unfortunately she said does not know anything limited to that the cat was taken to the vet but she does not know the outcomes.
I did not observed the injured cat was not available upon my arrival in the property as the cats are freely roaming according to Mrs Geouna.
I contacted the Moorreesburg vet clinic on 0224334883 spoke to Mrs Alet-Marie Gagono to ask if there was an injured car brought to them, she did admit that yes, the cat was brought to them for adequate veterinary treatment.
