General Report Comments: On my arrival, I met Mr Nasierodien Fakier in the property, I introduced myself to Mr Nasierodien, he allowed me to conduct the animals welfare within his home property, there I observed a female brown&white horse of 2 years named Asma, together with 2 puppies kept separately in the property (white male Africanis named Bruno and brown&tan male Africanis named Max) both puppies are +-2 months of age. The puppies appeared physically looking good in condition with no veterinary problems or health concerns.
Asma appeared physically had a wound ontop of its back, the horse was stolen and abusively ridden by the suspects according to the owner Mr Nasierodien and said he does not know the suspects who stole the horse.
Shelter was available, water was, and living environment was cleaned.
I issued the owner with a notice to comply: to provide Asma with adequate veterinary treatment within 2 days etc.

Mr Nasierodien accepted and signed the notice to comply of which he remained with the original and I took the copy of the notice to comply, see notice to comply no I5737.
