General Report Comments: I was met by the owner of the puppy wife Mrs. Conrad who granted me access to the property. On the right hand of the porch I saw 1x Black and tan German Shepherd puppy in a small space, I asked Mrs. Conrad why they are keeping the puppy in the small space and she told me that as I can see their property is not fully enclosed and that the puppy keeps on running away when they let him loose. Mrs. Conrad also told me that the puppy, called Whiskey is not 24/7 being kept in the enclosure and that she or her kids does take him for walks. I explained to Mrs. Conrad that this is unacceptable and that they should rather put Whiskey on a runner. Mrs. Conrad contacted her husband who works away from home and are only home on weekends. I explained to Mr. Conrad my welfare concerns and he understood and said that first thing he will do on Friday when hers home is to do the runner, I've explained to him where he must install the runner. I issued warning W6269 to out Whiskey on a runner. Will follow up.
