General Report Comments: On my arrival, I was welcomed by Mrs Cinthia Jantjies, I observed the same dog from the first investigation, the dog showed positive clinical improvement(skin condition), it appeared physically looking good in condition with no veterinary problems or health concerns.
Shelter was available, water was available and living environment was cleaned.
The dog was on a static chain of about 5 meters long to a collar, the environment was all over cemented of which the owner can't put running wire.I educated the owner about sterilization. NFA.
