General Report Comments: I was granted access to the property by Mrs. Sitite who is the owner of the dog called Zuzu wife. I asked Mrs. Sitite why the dog is chained and she told me that Zuzu was attacked by a pitbull once when he was loose and was almost killed. According to Mrs. Sitite Zuzu can jump over the fence that's why they keep him on a chain. I explained to Mrs. Sitite that Zuzu's chain is to short and that it will benefit him more if they put him on a running chain. I also noticed that Zuzu living area is not clean and that he does not have a collar. I explained my overall concerns and Mrs. Sitite understood and said that she will talk to her husband. I issued warning W6371. Will follow up for the cleaning of living area and collar within 72hours and for the running within 7 days.
