General Report Comments: While doing door to door I saw a dog through a gate. I stopped got out of my vechile and approached the gate. I called and hooted but nobody responded,I looked through the gate cause the gaps were wide enough for me to look through and saw 1x brown and white pitbull dog,unsure if it is a male or female because the dog did not get out of the kennel. From my observations I could see that the dog is on a +-3 meter long chain without a collar. Living area is dirty, feces near the dogs living space. Kennel is broken on the one side. Bare chain around the neck. I issued warning W6372. Will follow up.
