General Report Comments: I saw 1x brown pitbull male tethered to a car with a +- 3.5 meter rope without a collar. I stopped and called out to see if there are any people at home,a lady came out but she would not introduce herself and said that the dog does not belong to her and that the owner is Mr. Heinrich Brandt her boyfriend. I asked the lady why the dog is tethered and she told me that the dog Zeus is very aggressive which I observed,because as I wanted to approach closer he became more aggressive. The other reason is that the property is not fully enclosed. Zeus has water and shelter available. His body condition is acceptable,3/5. Living area is clean. I told the girlfriend that the way Zeus is tethered is unacceptable and issues warning W6373. Will follow up.
