General Report Comments: I saw 1x black and brown terrier x male on a short chain that's about 3meters in length with a collar tied under a makeshift garage type of structure. I stopped got out and a lady came out, she introduced herself as Mrs. Maarman the wife of the owner of the dog. I asked Mrs. Maarman why the dog is chained and she said because their is not fully fenced and they don't want the dog running in the street. The dog Blackie has water available and his body condition is acceptable, 3/5. Living area is dirty a lot of foreign object in the dogs living area. I issued warning W6377. Will follow up.
