General Report Comments: Upon my arrival I saw that the brown pitbull female is still loose on the property. The owner Lawrence was at home. Lawrence told me that they are going to keep the dog called Beauty loose,because he has fixed the fence now she can't get out. Lawrence is still waiting for someone to bring him some wood to make a kennel. For now Beauty can take shelter under the canopy next to the door. Beauty is loose and is tied to one place where she can't hide from the natural elements,at least now she is roaming freely and can go under the canopy to hide from the weather elements. NFA until further notice
