General Report Comments: On my arrival doing animals welfare inspection door to door in illengulethu Malmesbury area, as I arrived in Tshwete street, I saw a Brown mix breed dog in the property(house) next to house no 9053,
The dog was on a static chain connected to a barbed wire from the root and chain to the neck with no collar around the neck.
The dog appeared physically looking good in condition with no veterinary problems or health concerns.
Shelter was not available, water was not available, and living environment was cleaned.
The property was not adequately fenced and had no gate, I tried to shout and hooted for the owners/occupiers, but no one was available in the property.
I then went to the neighbor of the house, in house no 9053, there I met Mrs Amanda of which I kindly asked her if possibly she can hand over the notice to comply to the owners in the property where the dog it is, Mrs Amanda agreed and accepted the notice to comply to hand it over to the owners of the dog, see notice to comply no. I5704.
