General Report Comments: On my arrival in Malmesbury Wesbank doing Animals welfare inspection door to door , I went to house no 5 Irish street, there I was welcomed by Mr Stoffel, I observed 2 female dog(brown+white jack Russell of which appeared physically looking pregnant, and another brown+tan jack Russell cross of which it appeared physically looking reasonable in body condition). Mr Stoffel said it has been long not knowing to do with the dogs because they came into his property at first it was the white+brown of which It gave birth to the female brown+tan and he does not want them anymore it's been about 4 years.
Water was available, shelter was available, and living environment was cleaned. The property was not adequately fenced though the dogs were roaming freely inside the property.
I then took the dog as surrenders and brought them to spca Darling and was humanely euthanized, see attached admissions no E3571&E3572.
