General Report Comments: Some kids stopped me while being proactive and told me about a dog with a broken leg in their area. I asked one of the boys to get into the SPCA vechile to go show me where the dog is . Upon arrival I was met by the owner Mr. Mbongeni. Inside the yard I saw 1x black and brown terrier x male and I could clearly see that his front right leg is broken. Mr. Mbongeni says that he think the taxi hit the dog because there is a lot of taxis up and down in his street,and his property is not fully enclosed and he does not believe in chaining a dog. I asked Mr. Mbongeni if he can afford a vet and he said I should rather take the dog. The terrier x male Tsotsi was surrendered to the SPCA. Refer to admission E2022
