General Report Comments: I saw 1x brown pitbull female on a short chain without a collar. The dogs chain was tangled around a piece of wood in the middle of the kennel. There were no people at home to speak to about the dog. Water was observed and the dogs body condition is acceptable . Living area is also clean. The chain seems long enough but the dog tangles itself to the piece of wood at the entrance of the kennel. I issued warning W6266 to put the dog on a runner and to provide a collar. Will follow up.
