General Report Comments: While doing door to door I saw this brown terrier x male just lying inside the yard. I got out of my vehicle to have a closer look at the dog. There were no people at home. The dog was just lying in the middle of the yard. I could see that the dog has some sort of skin problem especially around the face area. I did not see any shelter for the dog on the property. I issued warning W6267 to provide the dog with adequate treatment for the skin problem and to also provide adequate shelter against the weather elements. Will follow up.
