Comments:	On my arrival, I found the owner of the horse standing with the horse and the complainant Mrs Kruger trying to give the horse water. I then confronted the owner of which he refused to identify himself, while I was trying to question and educate him, he then took the horse and walked away from us as I couldn't follow him due to traffic control as Lorain my colleague did notify the law enforcement to meet me at home affairs building in Malmesbury town where the horse was standing , but unfortunately law enforcement did not arrive as the owner of the also disappeared with horse.
