General Report Comments: On my arrival, I was welcomed by Mrs Nolisa Hanse the owner of the dog. I introduced myself and explained my visit her property.
I observed the dog was still on the same state like the first day I conducted the investigation. I asked Mrs Nolisa if she did receive the message regarding my first visit for inspection, she replied that yes they did give a message that she must put a running and fix the dog house or get a new dog house, and also to clean the dog living environment, in quastion I asked Mrs Nolisa why she could comply to the notice that oli left for her, she said unfortunately they did not give her a notice but only just got a verbal message. I then formally educated her and issued her with a notice to comply, of which she did signed and accepted the notice, see the second notice no I005761.
