General Report Comments: On my arrival, I was welcomed by Mrs Anna Willemse, I introduced myself and explained my visit to her property, I then gained an entry to the property.
I then observed in the property: 1) Africanis brown+tan female dog named Whittier with her 3 days newborn 7 puppies, and

2) terrier cross breed black+white female adult dog named Belle with her 11 +-3 weeks puppies.

All dogs appeared physically looking good in condition with no veterinary problems or health concerns, shelter was available, living environment was cleaned, and water was available.
The owner wanted to surrender all puppies and 1 adult dog named Whittier, of which she agreed to get adult dog named Bellie to get sterilized.
I then collected all the dogs as surrenders and Bellie to get sterilized. All the dogs was brought to spca Darling.
