General Report Comments: Alonso who is a tenant on the property granted me access to do an inspection. I saw 1x brown and white x breed female dog confined in her kennel,I asked Alonso why the dog is being kept inside th kennel but he couldn't give me a reason and said that I must speak to the owner. The property is not fully enclosed. I asked Alonso to fill the dogs water bowl because there was only a little bit of water at the bottom of the bowl. The kennel inside was clean and no feaces observed inside the kennel. The dog appears to be in acceptable body condition. I issued warning W6288 to rather put the dog on a runner then to keep her confined in a kennel. Will follow up.
