General Report Comments: Upon arrival I did not see any dog on a rope inside the property. The property is not enclosed and I walked onto the property where I was met by a lady who introduced herself as Ms. Andrea Kelders. I asked Ms. Kelders if they have any animals on the property and she said yes they have a dog inside the house, but before I can go in she will let one of the kids put a leash on the dog because she bites and does not like strangers. We went inside where I observed a very aggressive white and brown terrier x female, as I entered the house she immediately came for me. Ms. Kelders said that they did tie her once when she had to go somewhere because they can't leave her unsupervised inside the house. The dog is not underweight. Water and food observed and the dog called Coco sleeps inside the house. I contacted the complainant to give a description of the dog and he said yes it is the same dog that he saw a week ago on a Saturday tied with a rope. I educated Andrea on a runner if they have to tie Coco. No welfare concerns observed. NFA until further notice.
