General Report Comments: On my arrival, I was welcomed by Mrs Damon Morisa, I introduced and explained my visit to her property, I was with the complainant(the complainant launched the complain on the behalf of her employee because Mrs Morisas dog killed his employees dog).
I then observed a brown+white male pitbull of 9 months old named Tayla.
Tayla appeared physically looking good in condition with no veterinary problems or health concerns .
Shelter was available, and water was available, and the living environment was not cleaned(there was rubbish bin amd woods). Tayla was on a static inadequate short chain preventing him from not gaining access into his dog shelter(wooden dog kennel), and not to the collar.

I then issued a notice to comply to the owner Mr Morisa:

- 1) to put the dog on a light long static Chain of minimum 6 meters long to the collar as her property was too small with limited space...,
- 2) to clean and hygienically maintain the animals living environment.....

Mrs Morisa signed and accepted the notice to comply of which I handed the original copy to her.
See notice no I005856.
