General Report Comments: On my arrival doing animals welfare inspection door to door in Wesbank Malmesbury , I went on Kanarie street, I saw a Brown terrier cross dog breed on the street, it appeared physically having mange, I then asked around where the dog lives, I was directed to house no 49 Kanarie Street, on my arrival to the property, I was welcomed by Mrs Cathelina Abrahams a family member in the property, I asked and showed her a photo of the brown dog I saw on the street, then she said the dog belongs to them and the name of the dog is Wollie.
Mrs Cathelina said, Wollie is always escaping the property and does not want to even sleep in the property anymore is always on the same street Kanarie.

She then said, it's best if I(SPCA) take Wollie because he turned to be a street dog so far and uncontrollable.

I then educated her that in future should they come across similar situation or not wanting the dog they must contact the spca on 0224922781.

I then collected Wollie as a surrender and brought it to the spca Darling and was humanely euthanized, see admission no E3581.
