General Report Comments: On my arrival in Wesbank Malmesbury doing animals welfare inspection door to door , I went in Arend street, I then saw from the street 2 Africanis dog in house no 133 Arend Street WESBANK Malmesbury. As I went closer to the property, a man Mr David Swartz immediately he saw me just said I must take the dogs he does not want them anymore because they don't look good anymore(skin problem - possibly mange).
I then introduced myself and explained my visit to his property, Mr David then welcomed into his property, therefore I observed a male brown Africanis breed dog of 16 years of age named Runs, and I observed another Africanis breed dog of 18 years of age named Bella, both dogs were males, and the appeared physically not looking good in condition (skin problem - possibly mange).
Shelter was available, water was available, and living environment was cleaned.
I then educated Mr David that in future should he come across the same or similar situation or not wanting the animals anymore, he must contact the spca on 0224922781.
I then collected both dogs and brought them to spca Darling and was humanely euthanized, see admissions no E3582 & E3583.
