General Report Comments: On my arrival doing door to door animals welfare inspection in Malmesbury Wesbank , I went to house no 28 Tinktinkie Street, there I was welcomed by Mrs Maureen Willemse, I introduced myself and explained my visit to her property.
She then immediately said they have a dog that looks sick and stopped eating, i then went into the property, I observed a light brown female Africanis dog of 2 years named Micky, Micky appeared physically looking weak, and dizzy.
Shelter was available, water was available and living environment was cleaned. The property was not adequately fenced and had no gate.
I then asked the owner if she will be able to render adequate veterinary treatment for Micky, the owner replied that she can't afford to render adequate veterinary treatment.
She then said I can take the dog, I explained to her that for the spca taking that dog does not mean will treat the dog but only to do the best by humanely euthanising the dog not to prolong its suffering. Mrs Maureen agreed to surrender the dog, I then took the dog and brought it to the spca Darling and was humanely euthanized, see admission no E3585.
