General Report Comments: On my arrival, I did not find anyone available in the property, I then went to the neighbors to ask if I can be able to view the dog from their side as usual, I then viewed the same black+brown dog breed still on the same static chain of +-10 meters long to the collar. The was 2 steel bowls placed close to the dog kennel separately.
The dog appeared physically looking good in condition with no veterinary problems or health concerns.
I couldn't see if water was available in either one of the 2 steels bowls placed close to the dog kennel. Shelter was available(wooden dog kennel) and the living environment was cleaned.
In question, I did asked the neighbors about the times the owner of the dog or house is available during the day, they replied by saying at most times there is someone available around from 19H00 in the evenings.
