General Report Comments: I saw 1x brown and white female pitbull and 1x brown and white pitbull male, both dogs are on runners but don't have collars around their necks and is tied with the bare chain around their neck. There were no people at home. The yard is not fully enclosed that's why I could access the property. Both dogs body condition is acceptable and they have water and shelter available. Their living area is also clean. I issued warning W6273 to provide both dogs with collars as the bare chain around their necks could cause injury. Will follow up.
