General Report Comments: On my arrival in Kleigat farm, I went to the house of Mrs Sophia Nero to do animals welfare inspection, there I was welcomed by Mrs Sophia and I introduced myself and explained my visit to her property.
I then observed adult black+white male pitbull cross named Cody.
Cody appeared physically looking good in condition with no veterinary problems or health concerns.
Shelter was available, the living environment was not clean because they are making fire on the other part inside the dog house with a sitting bank put inside the dog house, and water was available.
The dog house was situated where by there was water on the ground almost close to the dog house.
Cody was on a 3 meters static leash to a pole of the dog house.
I then educated Mrs Sophia about running chain of which I also issued her with a notice to comply, see attached notice to comply no I5783.
